Mr. Robert B. Weisenmiller, Chairman  
California Energy Commission  
1516 Ninth Street, MS-29  
Sacramento, CA 95814-5572

Dear Mr. Weisenmiller:

As Supervisor for the Second Supervisorial District for the County of San Diego, I am writing you today to express my opposition to the Quail Brush Genco LLC Generation Power Plant. I appreciate the opportunity to briefly comment on this project.

On March 28, the City of Santee formally took a position to oppose this project. I support this action and share the concerns the City has raised including potential impacts to the surrounding area due to noise, air quality, visual aesthetics, biological, water and emergency response that would be generated by this project.

Enclosed is a copy of the City of Santee's resolution of opposition and comment letter to the proposed project. The California Energy Commission must fully consider the information provided in both of these documents. It is my intention to keep working closely with the City and demonstrate that this is the wrong location for this power plant.

Again, thank you for the opportunity to comment on this project. If you would like to discuss anything further, please feel free to contact me at (619) 531-5522 or via [www.diannejacob.com](http://www.diannejacob.com)

Sincerely,

DIANNE JACOB

Supervisor, Second District
